

PP Sheet

Product Information Sheet

Image not available

SKU:

SKU2025080007

Brand:

N/A

Price:

Price on request

Status:

PUBLISHED

Material:

High-Quality Polypropylene (PP)

Color:

Available in White, Black, Blue, Grey, and Custom Colors

Thickness:

0.5 mm to 12 mm (customizable as per requirement)

Packaging:

Standard Sheets, Bundled, or Customized Packaging

Property:

Lightweight, Durable, Chemical Resistant, Non-toxic, Moisture Resistant, High Impact Strength, and Eco-friendly

Elongation:

N/A

Density:

N/A

Origin:

N/A

Min. Order Qty:

1

Usage & Application

PP Sheets, also known as Polypropylene Sheets, are versatile and durable plastic sheets widely used across industries for packaging, printing, stationery, automotive, construction, and industrial applications. With excellent resistance to chemicals, moisture, and impact, PP sheets are ideal for making folders, boxes, signage, layer pads, separators, and protective packaging. They are lightweight, recyclable, and eco-friendly, making them a preferred choice in modern packaging and industrial solutions. Their flexibility and customization options allow businesses to meet specific requirements with ease.

Key Features & Benefits

- Superior Chemical Resistance & Durability
- Lightweight & Flexible PP Sheet Material
- Excellent Moisture & Water Resistance
- High-Impact Resistant Polypropylene Design
- Easy to Cut, Shape & Customize for Any Application
- Non-Toxic & Food-Grade Safe Material
- Superior Heat Resistance & Thermal Stability
- Anti-Static Properties for Electronic Protection
- Cost-Effective Plastic Sheet Solution

- Reusable & Environmentally Friendly Material
- Excellent UV Resistance for Outdoor Applications
- Chemical-Resistant Surface Protection
- Low Thermal Conductivity for Insulation
- Superior Sound Damping & Acoustic Properties
- Easy Installation & Maintenance-Free Design
- Long Service Life with Minimal Degradation
- Versatile Applications Across Multiple Industries
- Recyclable & Sustainable Material Choice
- Weather-Resistant for Harsh Environments
- Meets International Safety & Quality Standards
